

## QUALITY POLICY

Top management and all employees are committed to on time delivery of high-quality steels at competitive prices in accordance with customer's and other applicable requirements. We are also committed to continual improvement of the quality management system.

Modern hardware, professionally trained staff and many years of experience enable us to meet requirements from the customers and interested parties and the set quality policy based on the ISO 9001 standard.

## ENVIRONMENTAL POLICY

Top management and all employees are committed to the protection of the environment, including prevention of pollution and sustainable resource use.

We are committed to fulfil compliance with applicable legislation and compliance obligations with the ISO 14001 standard and its continual improvement to enhance environmental performance.

The environmental policy gives us a framework for setting environmental goals and is available to employees and stakeholders.
